TERMINAL GROUND FOR ILLINOIS CENTRAL

Baird Deeds the Property to the Fort Dodge & Omnha Road Which Has Just Been Chartered and Will Soon Build.

Indications now point to an almost certainty that within the near future another railroad will be running in here. Less than two weeks ago L. P. Judson of this city conveyed to William Baird 374 acres of land situated north of the city along the river. The consideration named in the deed filed for record here is \$14,272.60. This set the people guessing and at the time it was thought that the land had been purchased by Baird for some railroad. Yesterday William Baird filed a deed for record in the county recorder's office here which conveys the 374 acres he purchased from Judson to the Fort Dodge & Omaha Railway company, the consideration named being \$14,973.60.

The Fort Dodge & Omaha Railroad company but a couple of days ago filed articles of incorporation with the secretary of state at Des Moines. The articles of incorporation place the capital stock at \$5,000,000 and state that the intention of the company is to build a railroad from Fort Dodge, Ia. to Omaha, via Council Bluffs. John F. Duncombe is named as president of the company and the fact that for years he has been the solicitor in Iowa for the Illinois Central lends coloring to the supposition that the new road will be a branch of the Illinois Central. Julius L. Rinne and Otto F. Nau are named as secretary and treasurer, respectively, of the new road, Dubuque is the principal place of business of the new company and this lends encouragement to the idea that the Fort Dodge & Omaha road will be but a connecting link for the Illinois Central. The articles of you wish to purchase or not. for the Illinois Central. The articles of incorporation state that the road will be built from a point on the Dubuque & Sioux City railway, somewhere in the neighborhood of Fort Dodge. The opinion among

In addition to the Judson tract which is now definitely known to have been purchased for the Fort Dodge and Omaha road, it would appear that other purchases of large pieces of property within the city limits were made for the same company. The Rohrer property, comprising half a block due west of the Northwestern depot and facing on Broadway, is believed to have been purchased for this company for a depot site. It would give the road close connection with the Terminal company's tracts on Union avenue, also with those of the Union Pacific and would mean direct connection with all the lines runging into the trans-

fer depot. Another purchase of city property made was eleven platted blocks on North Thirteenth street, extending from Broadway and about a mile of unplatted land extendthese properties is believed to indicate that point. John L. McCague of Omaha is bedeal of late. None of the purchases, however, have been made in his name, most of them being made to William and E. G. Baird of Omaha.

EXCELLENT SPORT AT THE RACES. Attendance is Large and Five Good Events Are Pulled Off.

The attendance at the races at Union Park yesterday afternoon was by far the largest since the meeting commenced. The weather was beautiful for such an event and the warm sun had done much to dry the track and put it in good shape again. Another day of such weather as yesterday and the track will be as dry as a bone again. The program of five events offered an excellent afternoon's sport and some first class racing. If the attendance continues up to yesterday's standard the races may be continued indefinitely.

Will Try Free Text Books. MOUNT AYR, Ia., Sept. 15.—(Special.)— The independent "chool district of Mount Ayr has finally decided to try the free text book system. It will be introduced gradually, designing to furnish those books least likely to be already in the possession of pupils. The parent must become personally responsible for the return in good condition of all books loaned to pupils, and in case of failure to keep this guarantee good the pupil will at once be excluded from the benefits of the system. The books to be furnished at present are readers for all grades, physiology, literature, grammar and mposition, geographies, history and all Latin text books. The list will be extended from time to time, if the plan works well, till all the pupils are thus provided for,

DES MOINES, Sept. 15 .- (Special Telegram.)-Captain D. L. Howell, Seventh United States infantry, a prominent officer who took part in the battle of Santiago with that regiment, today knocked down A. W. Larson, a prominent clothing store merchant, and knocked out several teeth. The affair took place in the lobby of the Savery house. Howell had just put on a new uniform and was standing in the lobby when Larson came in with a muddy bicycle and spattered mud over Howell. Howell went into the toilet room and cleaned off the mud and then coming out, went up to Larson, tapped him on the shoulder, and when he turned around Howell hit him a terrific blow on the mouth. Larson had Howell arrested and the trial comes off tomorrow. Howell is quartermaster at Camp McKinley during the mustering out of the volunteers and has been here but a few days. The Sioux City police located Bedenfield by a clever piece of work in the person of Roberts Payne of Pleasant Hill, Mo., where he was considered one of the best men of that part of the country. He had a farm worth \$10,000 and was a horseman and trackman of considerable local reputation. A detective from Sioux City went there and Paul Railway company, was run over and satisfied himself from photographs that he was the right man, but Payne was said to be in Europe and the detective came home. When Payne came back, to the horror of the community, he was arrested. Under guard he was allowed to go to his nome and it was then that he got away before the Sloux City detective could return there to get him. While his neighbors sup-posed he was traveling for pleasure, Payne, alias Bedenfield and many other names, was the leader of a gang of clever awindlers who were working in every part of the country and detectives have been hunting them

Admits Storms' Confession. BURLINGTON, Sept. 15 .- (Special Telegram.)-The terrific and prolonged war of words before the court by the attorneys of the opposing sides in the Storms trial at Wapello, Ia., has ended and the state wins.

The confession signed by Storms in the of-

fice of the chief of police at Burlington is admitted as evidence. This is the biggest victory that has been or will be scored by either side during the already famous murder trial, and it is predicted by many that the admission of the confession to the jury will hang Storms. Attorneys fought over and evidence for or against the validity of the confession was heard by the judge. The defense claimed the confession was forced from Storms by promises and threats and that he did not know what he was signing. Upon the opening of court this morning Judge Withrow decided that the confession must be admitted as evidence to the jury. The jury was accordingly recalled and the trial proceeded.

Methodist Conference at Creston. CRESTON, In., Sept. 15 .- (Special Telegram.)-One thousand people attended the evening session of the Methodist conference to hear Drs. YOUNG AT SIXTY.

Serene comfort and happiness in advanced years are realized by comparatively few women.

Their hard lives, their liability to serious troubles on account of their peculiar organism and their profound ignorance concerning themselves, all combine to shorten the period of usefulness

and fill their later years with suffering. Mrs. Pinkham has done much to make women strong. She has given advice to many that has shown them how to guard against disease and retain vigorous health in old age. From every corner of the earth there is constantly coming the most convincing statements from women, showing the efficacy of Lydia E. Pinkham's Vegetable Compound in overcoming female ills. Here is a letter from Mrs. J. C. Orms, of 220 Horner St., Johnstown, Pa., which is earnest and straight to the point:

"DEAR MRS. PINKHAM:-I feel it my duty to tell all suffering women that I think your remedies are wonderful. I had trouble with my head, dizzy spells and hot flashes. Feet and hands were cold, was very nervous, could not sleep well, had kidney trouble, pain in ovaries and congestion of the womb. Since taking your remedies I am better every way My head trouble is all gone, have no pain in ovaries, and am cured of womb trouble. I can eat and sleep well and am gaining in flesh. I consider your medicine the best to be had for female troubles."

The present Mrs. Pinkham's experience in treating female ills is unparallelled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.
